

Eco International

Inception 2004

Established in 2007 as ECO-INTERNACIONAL PENINSULA DE NICOYA, SOCIEDAD ANÓNIMA, in Costa Rica

Eco International is a builder of quality and distinction!

We knowingly apply and offer the principals of “LEED”.

“LEED” is Leadership in Energy & Environmental Design, is a green building certification program that recognizes best-in-class building strategies and practices.

As an option, we can build according to “Vastu” or commonly called “Feng shui”, to establish harmony with the individual, nature and the home itself.

The evidence indicates a greater harmony with nature and a very nourishing environment for the family.
